

A screenshot of a design tool's text formatting panel. At the top, the word "Text" is displayed. Below it are icons for a text box, a link, and a search icon. The main area shows a text box with the content "I am a line of text." and a lightning bolt icon. Below the text box is a section for "HTML tag" with a dropdown menu showing "p". Underneath is a "Link to" section with a dropdown menu showing "Select link type". At the bottom is a "Words limit" section with a text input field. A large yellow circle with the number "2" is overlaid on the text box.

The image is a composite of three distinct visual elements. The top portion features a web browser window displaying a fluid responsive design on the website 'acss101.sandbox.automaticcss.com'. The design consists of a grid of text elements: 'I am a heading' and 'I am a line of text.' repeated in various sizes and weights to demonstrate fluid typography. The bottom-left corner shows a video player with a man wearing a black cap and glasses, speaking. The bottom-right corner displays a design tool interface, specifically the 'Typography' panel. This panel includes settings for 'Root Font Size' (set to 100%), 'Base Heading Size' (16px for mobile, 18px for desktop), 'Type Scale' (1.2 for mobile, 1.333 for desktop), and other typographic controls like 'Heading Color', 'Line Height', 'Font Weight', 'Letter Spacing', 'Max-Width', 'Font Style', 'Text Transform', and 'Text Wrap'. A yellow box highlights the 'Root Font Size' section in the typography panel.

The screenshot displays the Automatic CSS Builder interface. On the left, a sidebar contains social media icons and a 'Home (Builder)' button. The central canvas shows a web design with the heading 'I am a heading'. The right-hand panel, titled 'Typography', contains various settings. A yellow box highlights the 'Root Font Size' setting, which is set to 100%. A text overlay on the canvas reads: 'As Beginner or Intermediate stick to 100%. As a Pro you can experiment with 62.5% but really need to understand what's going on under the hood'. A video player at the bottom shows a man wearing a cap and glasses.

The image is a screenshot of a video player displaying a presentation about ACSS typography. The presentation interface includes a left sidebar with a 'b' logo and a 'Home (Builder)' button, a main content area, and a right sidebar titled 'Typography' with various settings. The main content area shows examples of headings and text, with a yellow callout box stating: 'Heading and Text are independent systems in ACSS. H4 would be base (--space-m)'. The video feed in the bottom right corner shows a man wearing a cap and glasses, speaking.

The image is a screenshot of a web browser window displaying the Automatic CSS website. The browser's address bar shows the URL 'acss101.sandbox.automaticcss.com'. The page content is a fluid typography demo with three columns of text. The first column contains three instances of the heading 'I am a heading' in increasing sizes. The second column contains three instances of the text 'I am a line of text.' in increasing sizes. The third column contains three instances of the text 'I am a line of text.' in increasing sizes. A yellow arrow points from the text in the third column to the 'Font Weight' property in the 'Typography' settings panel on the right. The settings panel includes options for 'Root Font Size', 'Base Heading Size', 'Type Scale', 'Heading Color', 'Line Height', 'Font Weight', 'Letter Spacing', 'Max-Width', 'Font Style', 'Text Transform', and 'Text Wrap'. A video player is visible in the bottom right corner, showing a man wearing a cap and glasses. The video player has a progress bar and a volume control icon. The overall interface is dark-themed.

The image shows a web browser window with the URL 'acss101.sandbox.automaticcss.com'. The page content consists of several lines of text: 'I am a heading' (three times), 'I am a line of text.' (four times), and 'I am a heading' (once). A yellow circle with the number '2' is placed next to the third 'I am a heading'. A black rectangular box with the text 'All headings change' in yellow is positioned over the third 'I am a heading' and the first 'I am a line of text.'. On the left side of the browser, the developer tools are open, showing the 'H4' element selected. The right sidebar shows the 'Typography' settings panel, with a yellow circle with the number '1' highlighting the 'Base Heading Size' setting. A video player is visible in the bottom right corner, showing a man with a beard and glasses speaking.

The image is a screenshot of a video player displaying a web browser window. The browser window shows a website titled "ACSS 101\_03 - Fluid Responsive, Scale-Based Typography.webm" with the URL "acss101.sandbox.automaticcss.com". The website content consists of a grid of text elements: "I am a heading" and "I am a line of text." repeated in various sizes and weights. A yellow circle with the number "1" highlights the "Type Scale" setting in the right-hand panel, which is set to "1.067". Another yellow circle with the number "2" highlights the "I am a heading" text element in the main content area. A black box with yellow text in the center of the screen reads: "With Up or Down on your keyboard you can cycle through the Type Scales". In the bottom right corner of the video player, there is a small inset image of a man with a beard and glasses, wearing a black cap and a dark t-shirt. The video player interface includes a progress bar at the bottom showing a duration of 05:45 out of 18:15.

The image is a screenshot of a web browser displaying a fluid responsive design example. The browser's address bar shows the URL 'acss101.sandbox.automaticcss.com'. The page layout consists of a dark sidebar on the left, a main content area in the center, and a 'Typography' panel on the right. The sidebar contains a top navigation bar with social media icons, a search bar, and a list of items including 'Dev', 'New Tab', and 'Home (Builder)'. The main content area features a large heading 'I am a heading' with a yellow circle containing the number '2' next to it, followed by several lines of text 'I am a line of text.'. The 'Typography' panel on the right has a title 'Typography' and a 'Save' button. It includes a 'Headings' section with a list of heading sizes (H1, H2, H3, H4, H5, H6) and a 'Text' section with various typographic settings like 'Root Font Size', 'Base Heading Size', 'Type Scale', 'Color', 'Line Height', 'Font Weight', 'Letter Spacing', 'Max-Width', 'Text Transform', 'Font Style', and 'Font Size Override'. A yellow circle with the number '1' is placed over the 'Font Size Override' section, which has a text box containing '80 px'. Below the typography panel, there is a video player showing a man wearing a cap and glasses, with a yellow circle containing the number '1' and the text 'You don't need a minimum value' overlaid on the video. The video player has a progress bar and a timestamp of 10:47.

v. 3.0.0-beta-2

11:51 -12:09

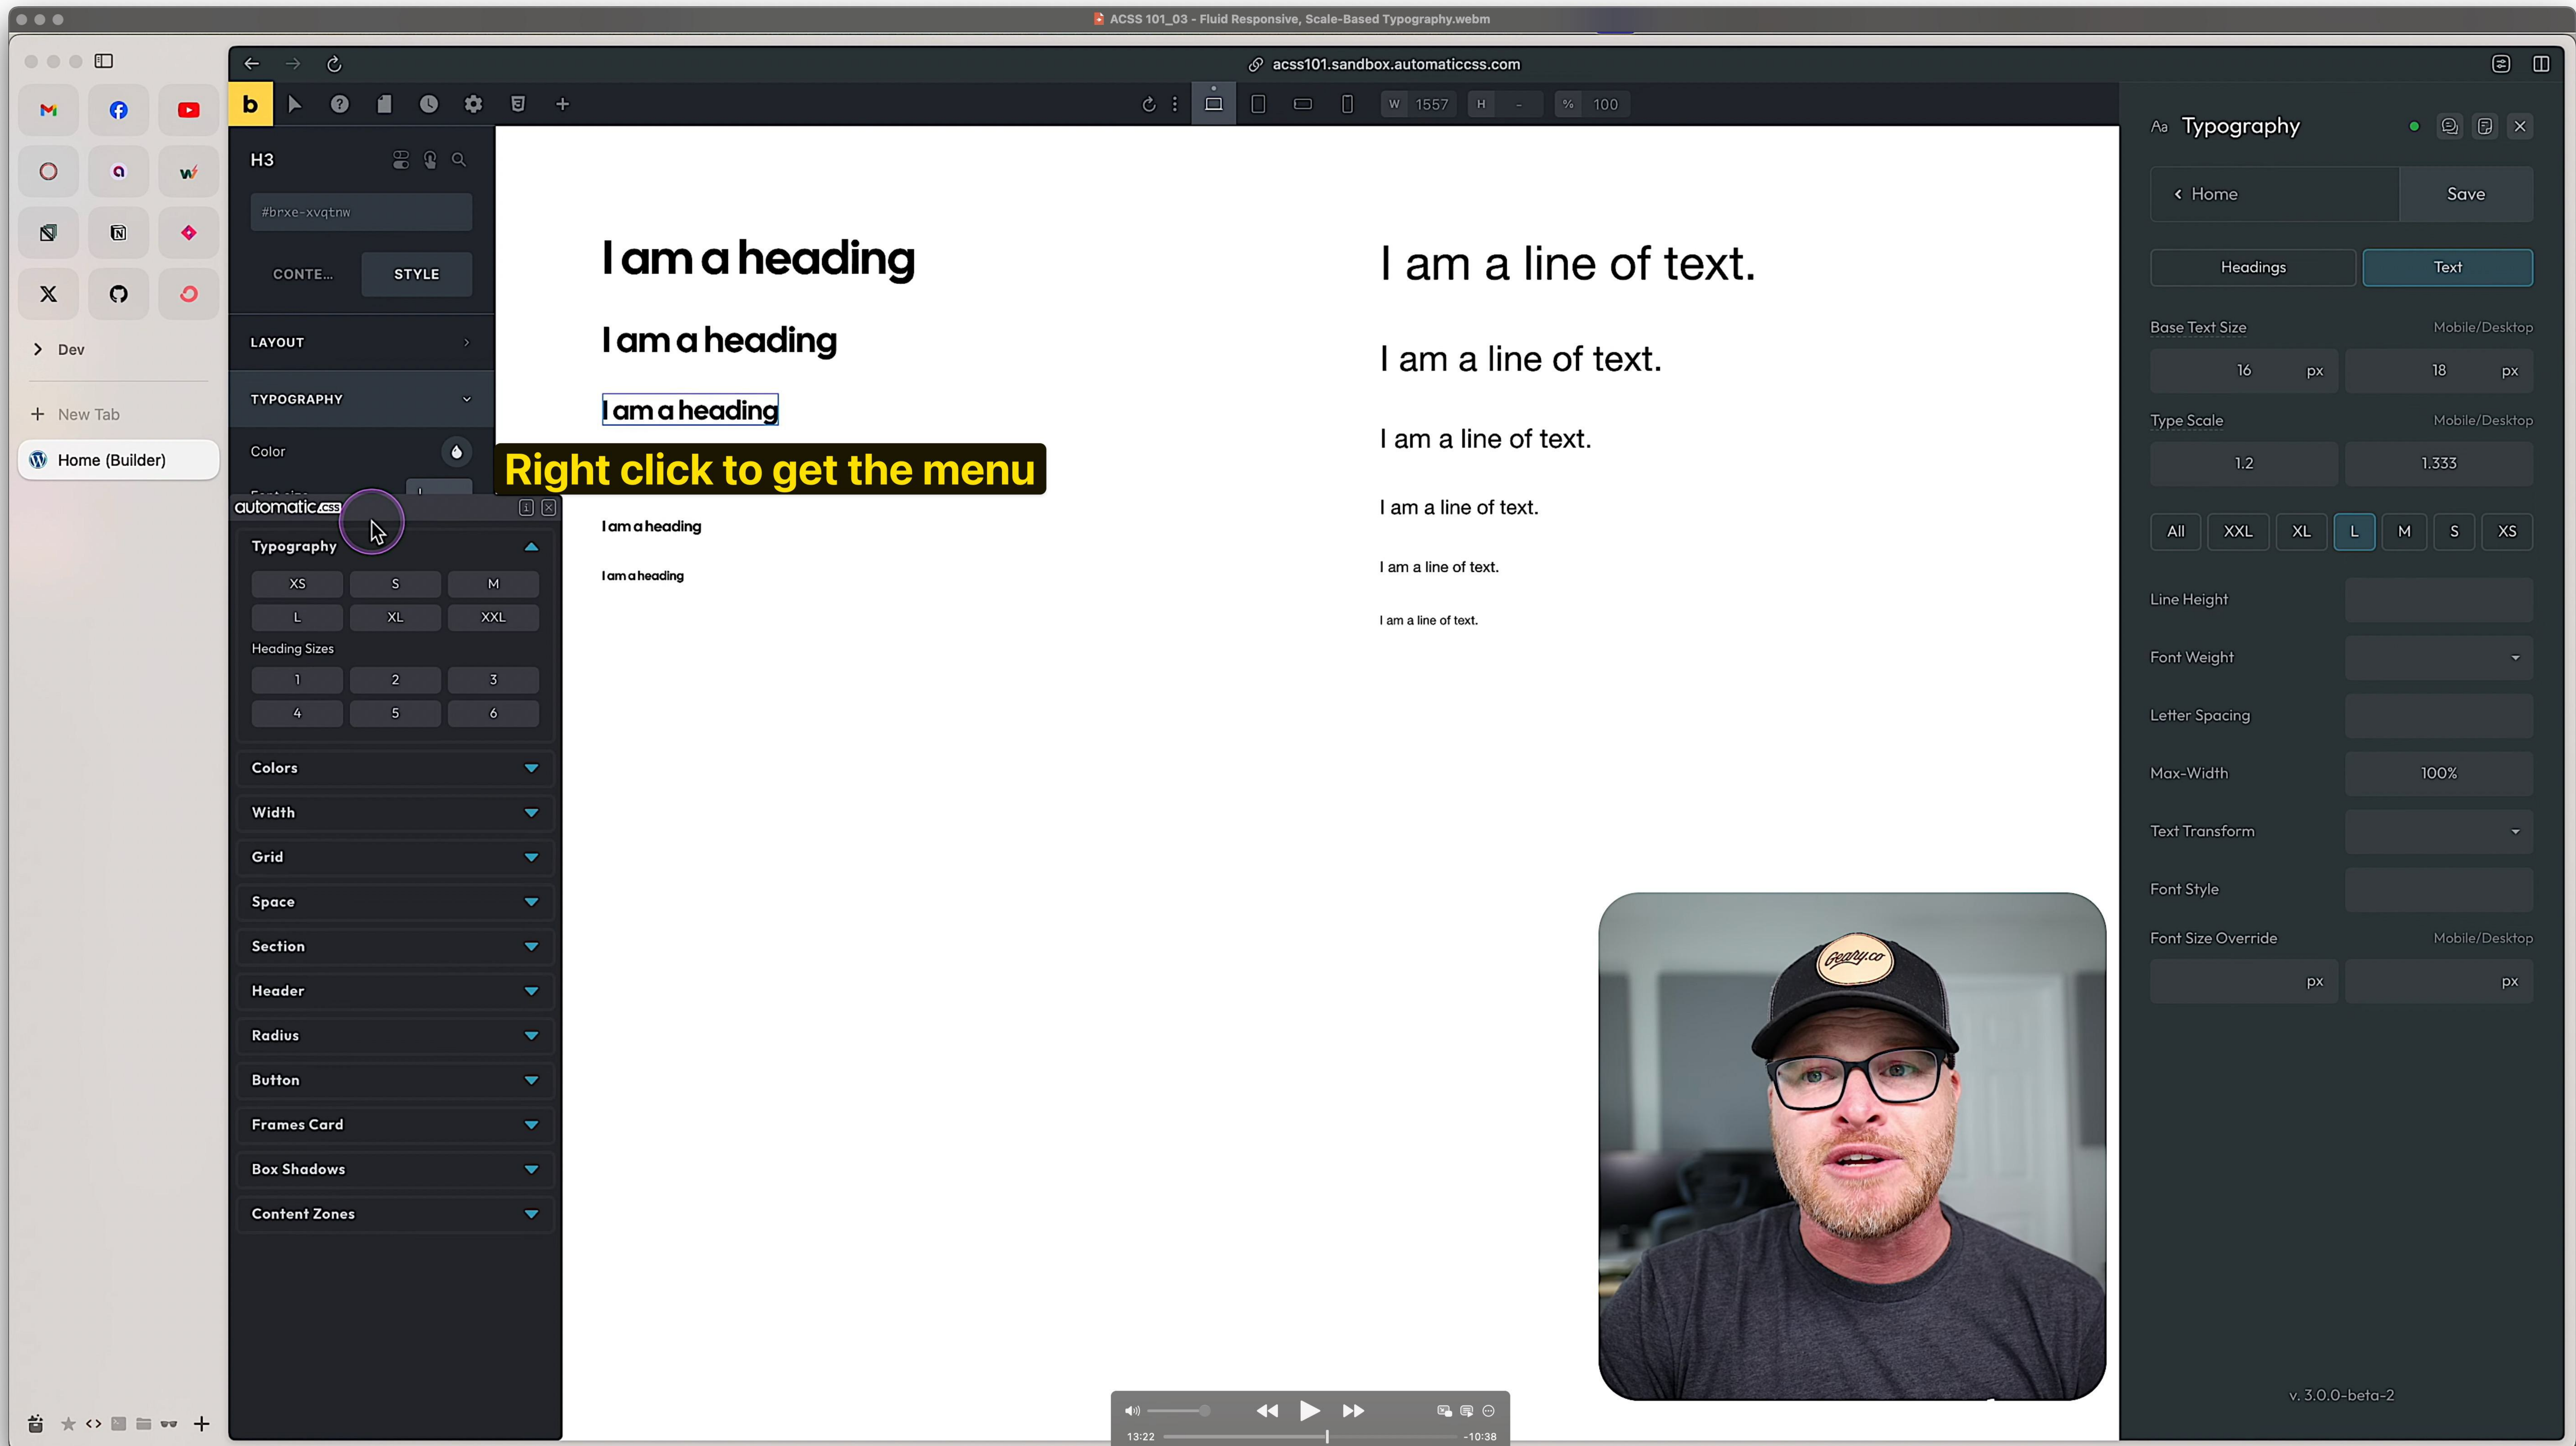

The image is a composite of three main visual elements. On the left is a macOS-style desktop environment with a dock containing icons for Google, Facebook, YouTube, and several productivity apps. In the center is a web browser window displaying a website at 'acss101.sandbox.automaticcss.com'. The website has a dark theme and features the text 'I am a heading' and 'I am a line of text.' in a sans-serif font. On the right is a design tool interface, likely Figma, showing a 'Typography' panel with settings for 'Base Text Size' (16 px), 'Type Scale' (1.2), and 'Font Size Override'. A yellow arrow points from a text box to the 'Font size' property in the design tool, which is set to 'var(--f1)'. The text box contains the text 'If you want to change the size of the heading use a variable'. At the bottom of the image is a video player showing a man with a beard and glasses, wearing a black cap, speaking. The video player has a progress bar and a volume control icon.

The image is a composite of three main visual elements. On the left is a browser window showing a web page with two large red headings, each preceded by a yellow arrow. The headings are 'I am a heading'. The browser's address bar shows 'acss101.sandbox.automaticcss.com'. In the center is a video player showing a man with a beard and glasses, wearing a black cap with a 'Pearly.co' logo. The video player has a progress bar at the bottom showing 19:09 / -04:51. On the right is a dark-themed sidebar for a design tool, titled 'Typography'. It contains various settings for text, including 'Root Font Size' (100%), 'Base Heading Size' (16px/18px), 'Type Scale' (1.2/1.333), 'Color' (red), 'Line Height' (4), 'Font Weight' (normal), 'Letter Spacing' (10px), 'Max-Width' (100%), 'Text Transform' (none), 'Font Style' (normal), and 'Font Size Override' (px). The sidebar also has buttons for 'Home', 'Save', 'Headings', and 'Text', and a version number 'v. 3.0.0-beta-2' at the bottom.

The image is a composite of three main visual elements. On the left is a social media sidebar with icons for various platforms like YouTube, Facebook, and Twitter. In the center is a video player showing a man with a beard and glasses, wearing a black cap with a 'Pearly.co' logo. On the right is a web browser window displaying a typography tool interface. The browser's address bar shows 'acss101.sandbox.automaticcss.com'. The tool's left sidebar has a 'TYPOGRAPHY' section with various settings like 'Color', 'Font size', 'Text align', 'Text transform', 'Line height', 'Letter spacing', 'Text shadow', and 'Text decoration'. A yellow circle with the number '1' highlights the 'Text decoration' dropdown menu, which is currently set to 'Underline'. Another yellow circle with the number '2' highlights the 'Font size' input field, which is set to 'var(--h1)'. The main content area of the browser shows several examples of text: 'I AM A HEADING' in red, italicized, uppercase letters; 'I am a heading' in black, lowercase letters; and 'I am a heading' in black, lowercase letters with a blue underline. Below these examples is a large yellow box with the text 'We can achieve that look also with a custom class and variables'. The video player at the bottom has a progress bar showing 21:57 out of 22:03.

The image is a composite of three main visual elements. On the left is a macOS-style desktop environment with a dock containing icons for Google, Facebook, YouTube, and several productivity apps. In the center is a web browser window displaying 'acss101.sandbox.automaticcss.com'. The browser shows a web page with several text samples: 'I AM A HEADING' in red italics, 'I am a heading' in black, 'I am a heading' in black with a blue underline, and 'I am a heading' in black. On the right is a 'Typography' settings panel with various controls like 'Root Font Size', 'Base Heading Size', 'Type Scale', 'Color', 'Line Height', 'Font Weight', 'Letter Spacing', 'Max-Width', 'Text Transform', 'Font Style', and 'Font Size Override'. At the bottom is a video player showing a man with a beard and glasses, wearing a black cap with a 'CRAFTY CO' logo, speaking. The video player has a progress bar and a volume control.

The image is a composite of three main visual elements. On the left is a macOS-style desktop environment with a dock containing icons for Google, Facebook, YouTube, and several productivity apps. In the center is a web browser window displaying 'acss101.sandbox.automaticcss.com'. The browser shows a preview of a web page with various text styles: 'I AM A HEADING' in red italics, 'I am a heading' in black, and 'I AM A HEADING' in black with a blue underline. On the right is a 'Typography' settings panel with options for font size, base heading size, type scale, color, line height, font weight, letter spacing, max-width, text transform, font style, and font size override. At the bottom is a video player showing a man with a beard and glasses, wearing a black cap with a 'Crazy.co' logo, speaking. The video player has a progress bar and a timestamp of 22:33.

The image is a composite of three distinct visual elements. At the top, a web browser window displays 'acss101.sandbox.automaticcss.com' with a dark theme and various UI elements. Below the browser, on the left, is a design tool interface with a dark sidebar containing sections like 'TYPOGRAPHY', 'Color', 'BACKGROUND', 'BORDER / BOX SHADOW', 'GRADIENT / OVERLAY', 'TRANSFORM', and 'CSS'. A yellow arrow points from the 'CSS' section to the main canvas. The main canvas shows a preview of a web page with a heading 'I AM A HEADING' in red, italicized font, and several lines of text 'I am a line of text.' On the right, a 'Typography' panel shows settings for 'Root Font Size', 'Base Heading Size', 'Type Scale', 'Color' (set to red), 'Line Height', 'Font Weight', 'Letter Spacing', 'Max-Width', 'Text Transform' (set to Uppercase), and 'Font Style' (set to italic). At the bottom, a video player shows a man with a beard and glasses wearing a black cap with a 'Bellycar' logo. The video player has a progress bar and a timestamp of 22:41.

The image is a composite of three main visual elements. At the top, a browser window displays 'acss101.sandbox.automaticcss.com' with a grid of text examples: 'I AM A HEADING' in red italics, 'I am a heading' in black, and 'I am a line of text.' in black. Below the browser is a design tool interface with a 'Typography' panel on the right. This panel has tabs for 'All', 'H1', 'H2', 'H3', 'H4', 'H5', and 'H6'. The 'H4' tab is selected, showing a list of text styles including 'I am a heading' and 'I am a line of text.' in various colors and weights. A yellow box highlights the 'H4' tab and the list of styles. At the bottom, a video player shows a man with a beard and glasses, wearing a black cap with a 'Geary.co' logo, speaking. The video player has a progress bar and a volume control icon.
