Custom CSS

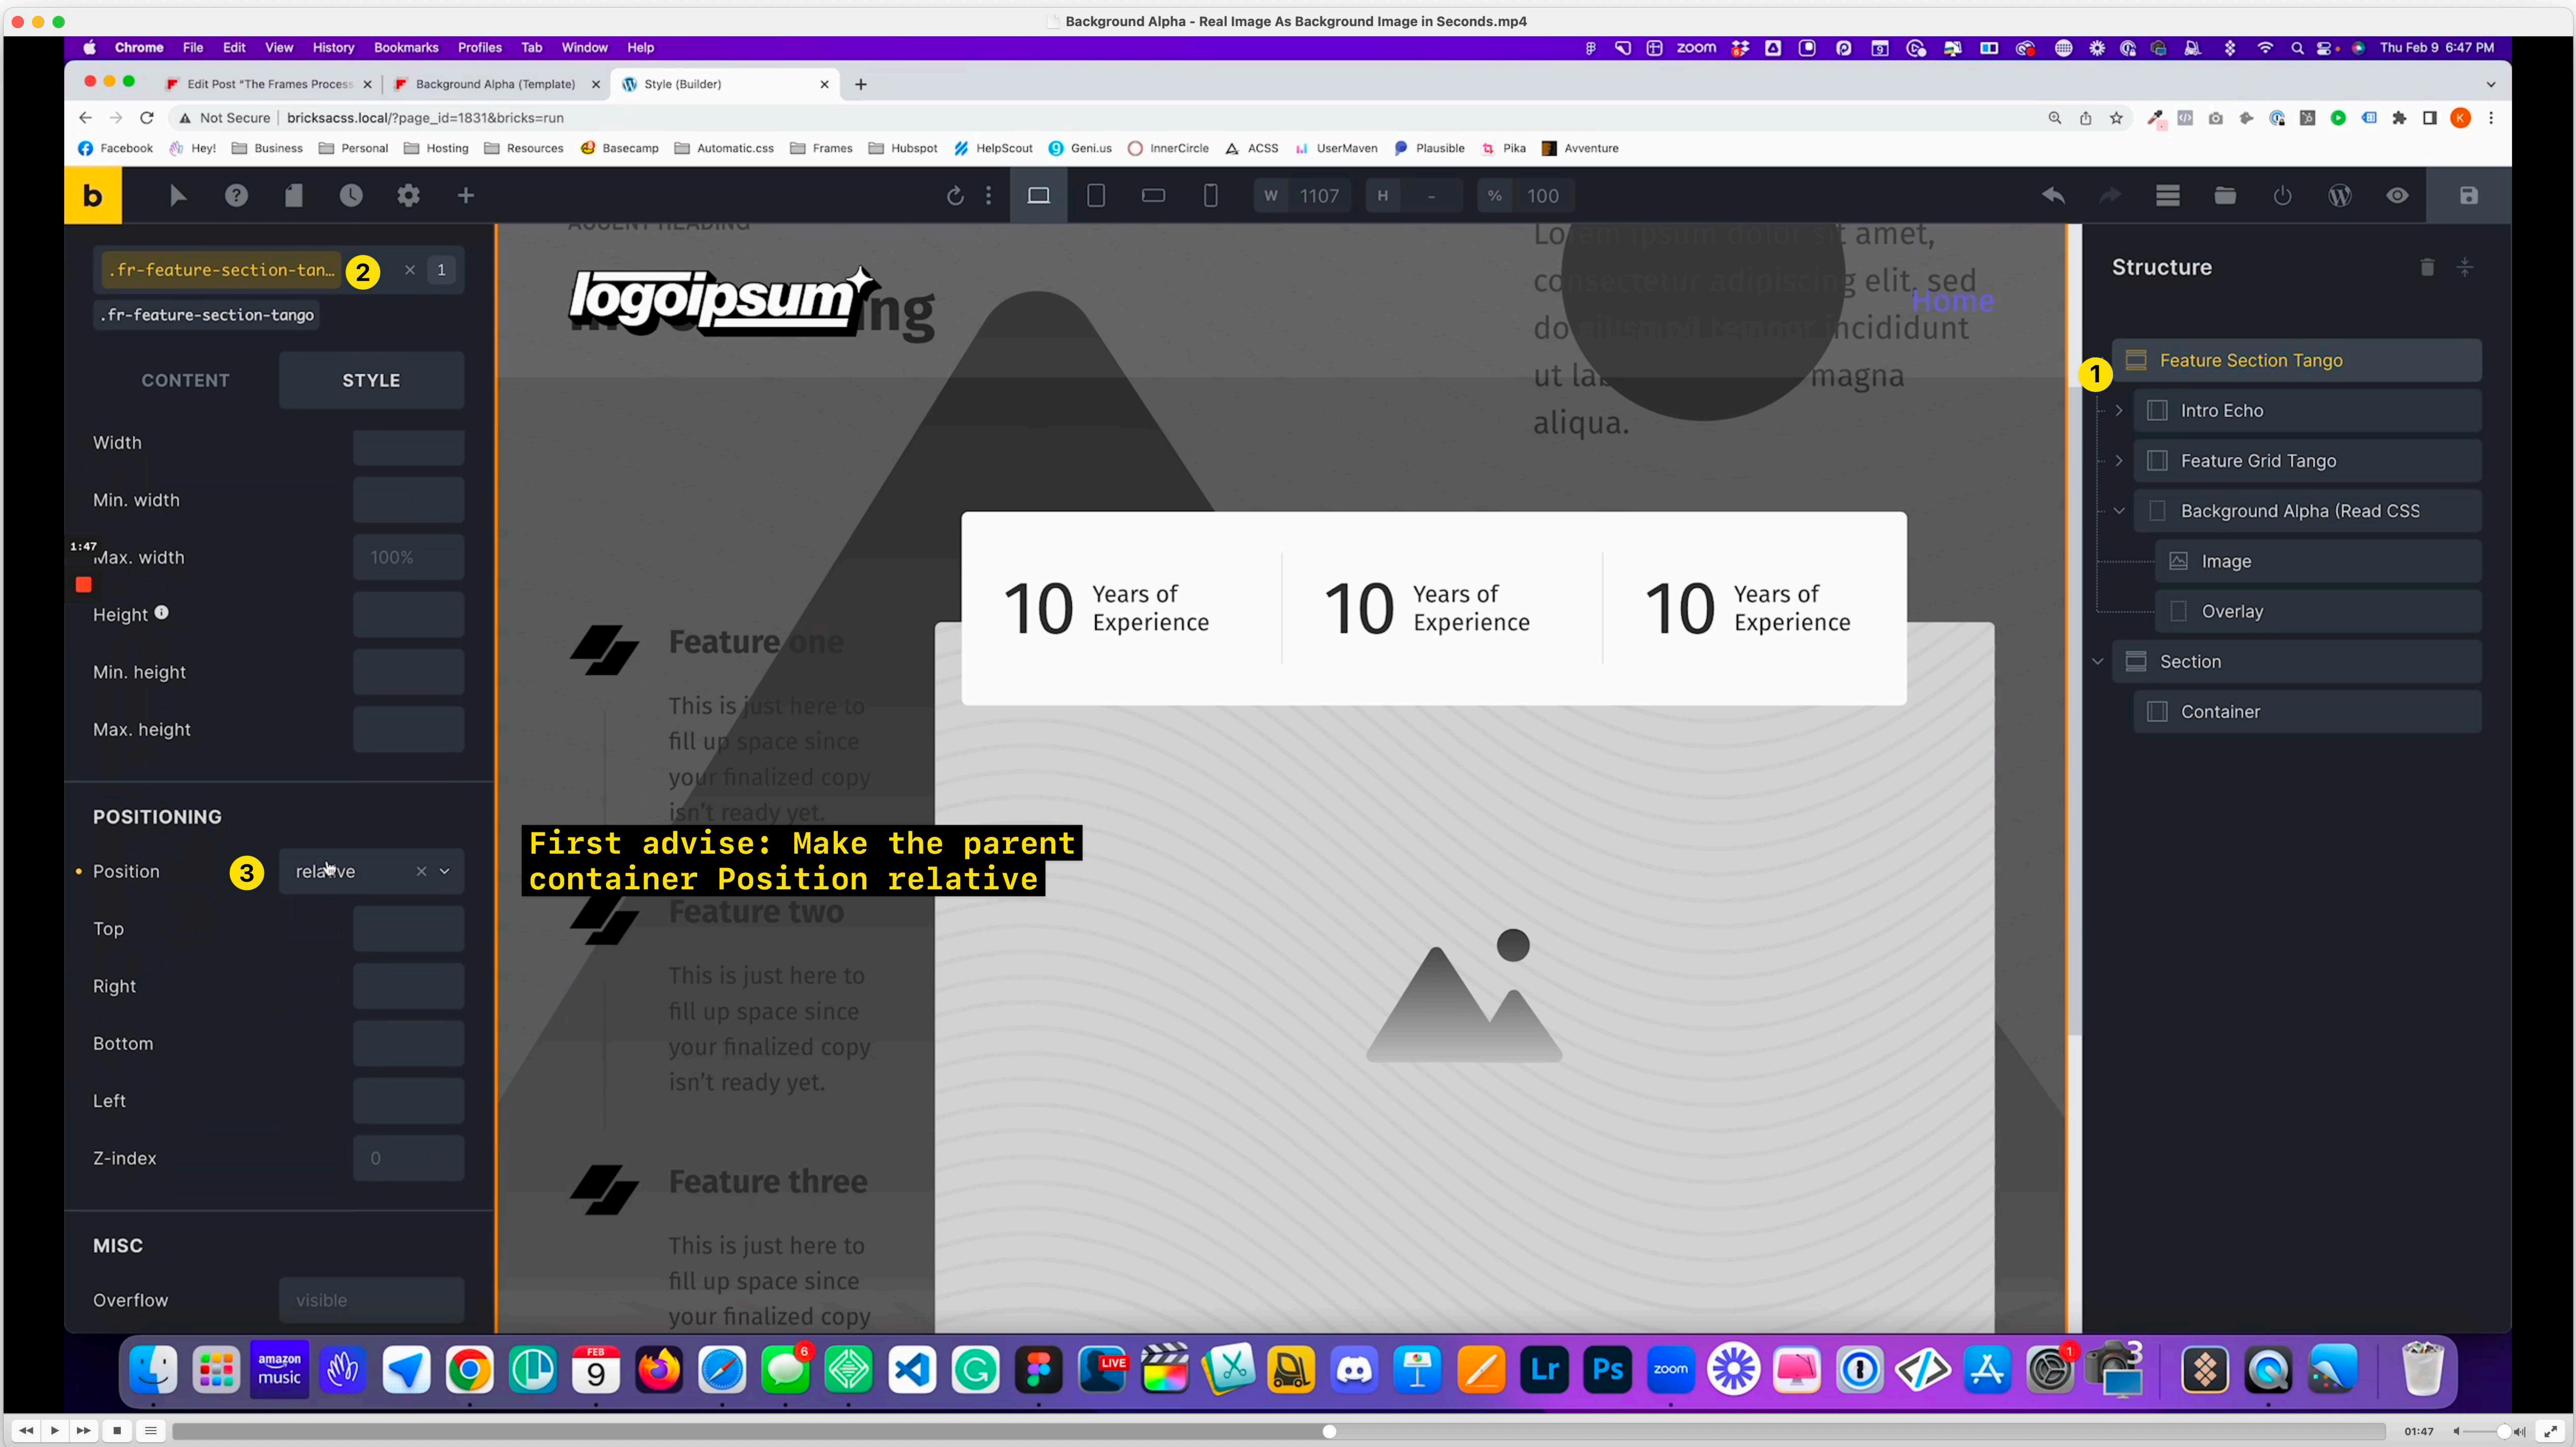

1

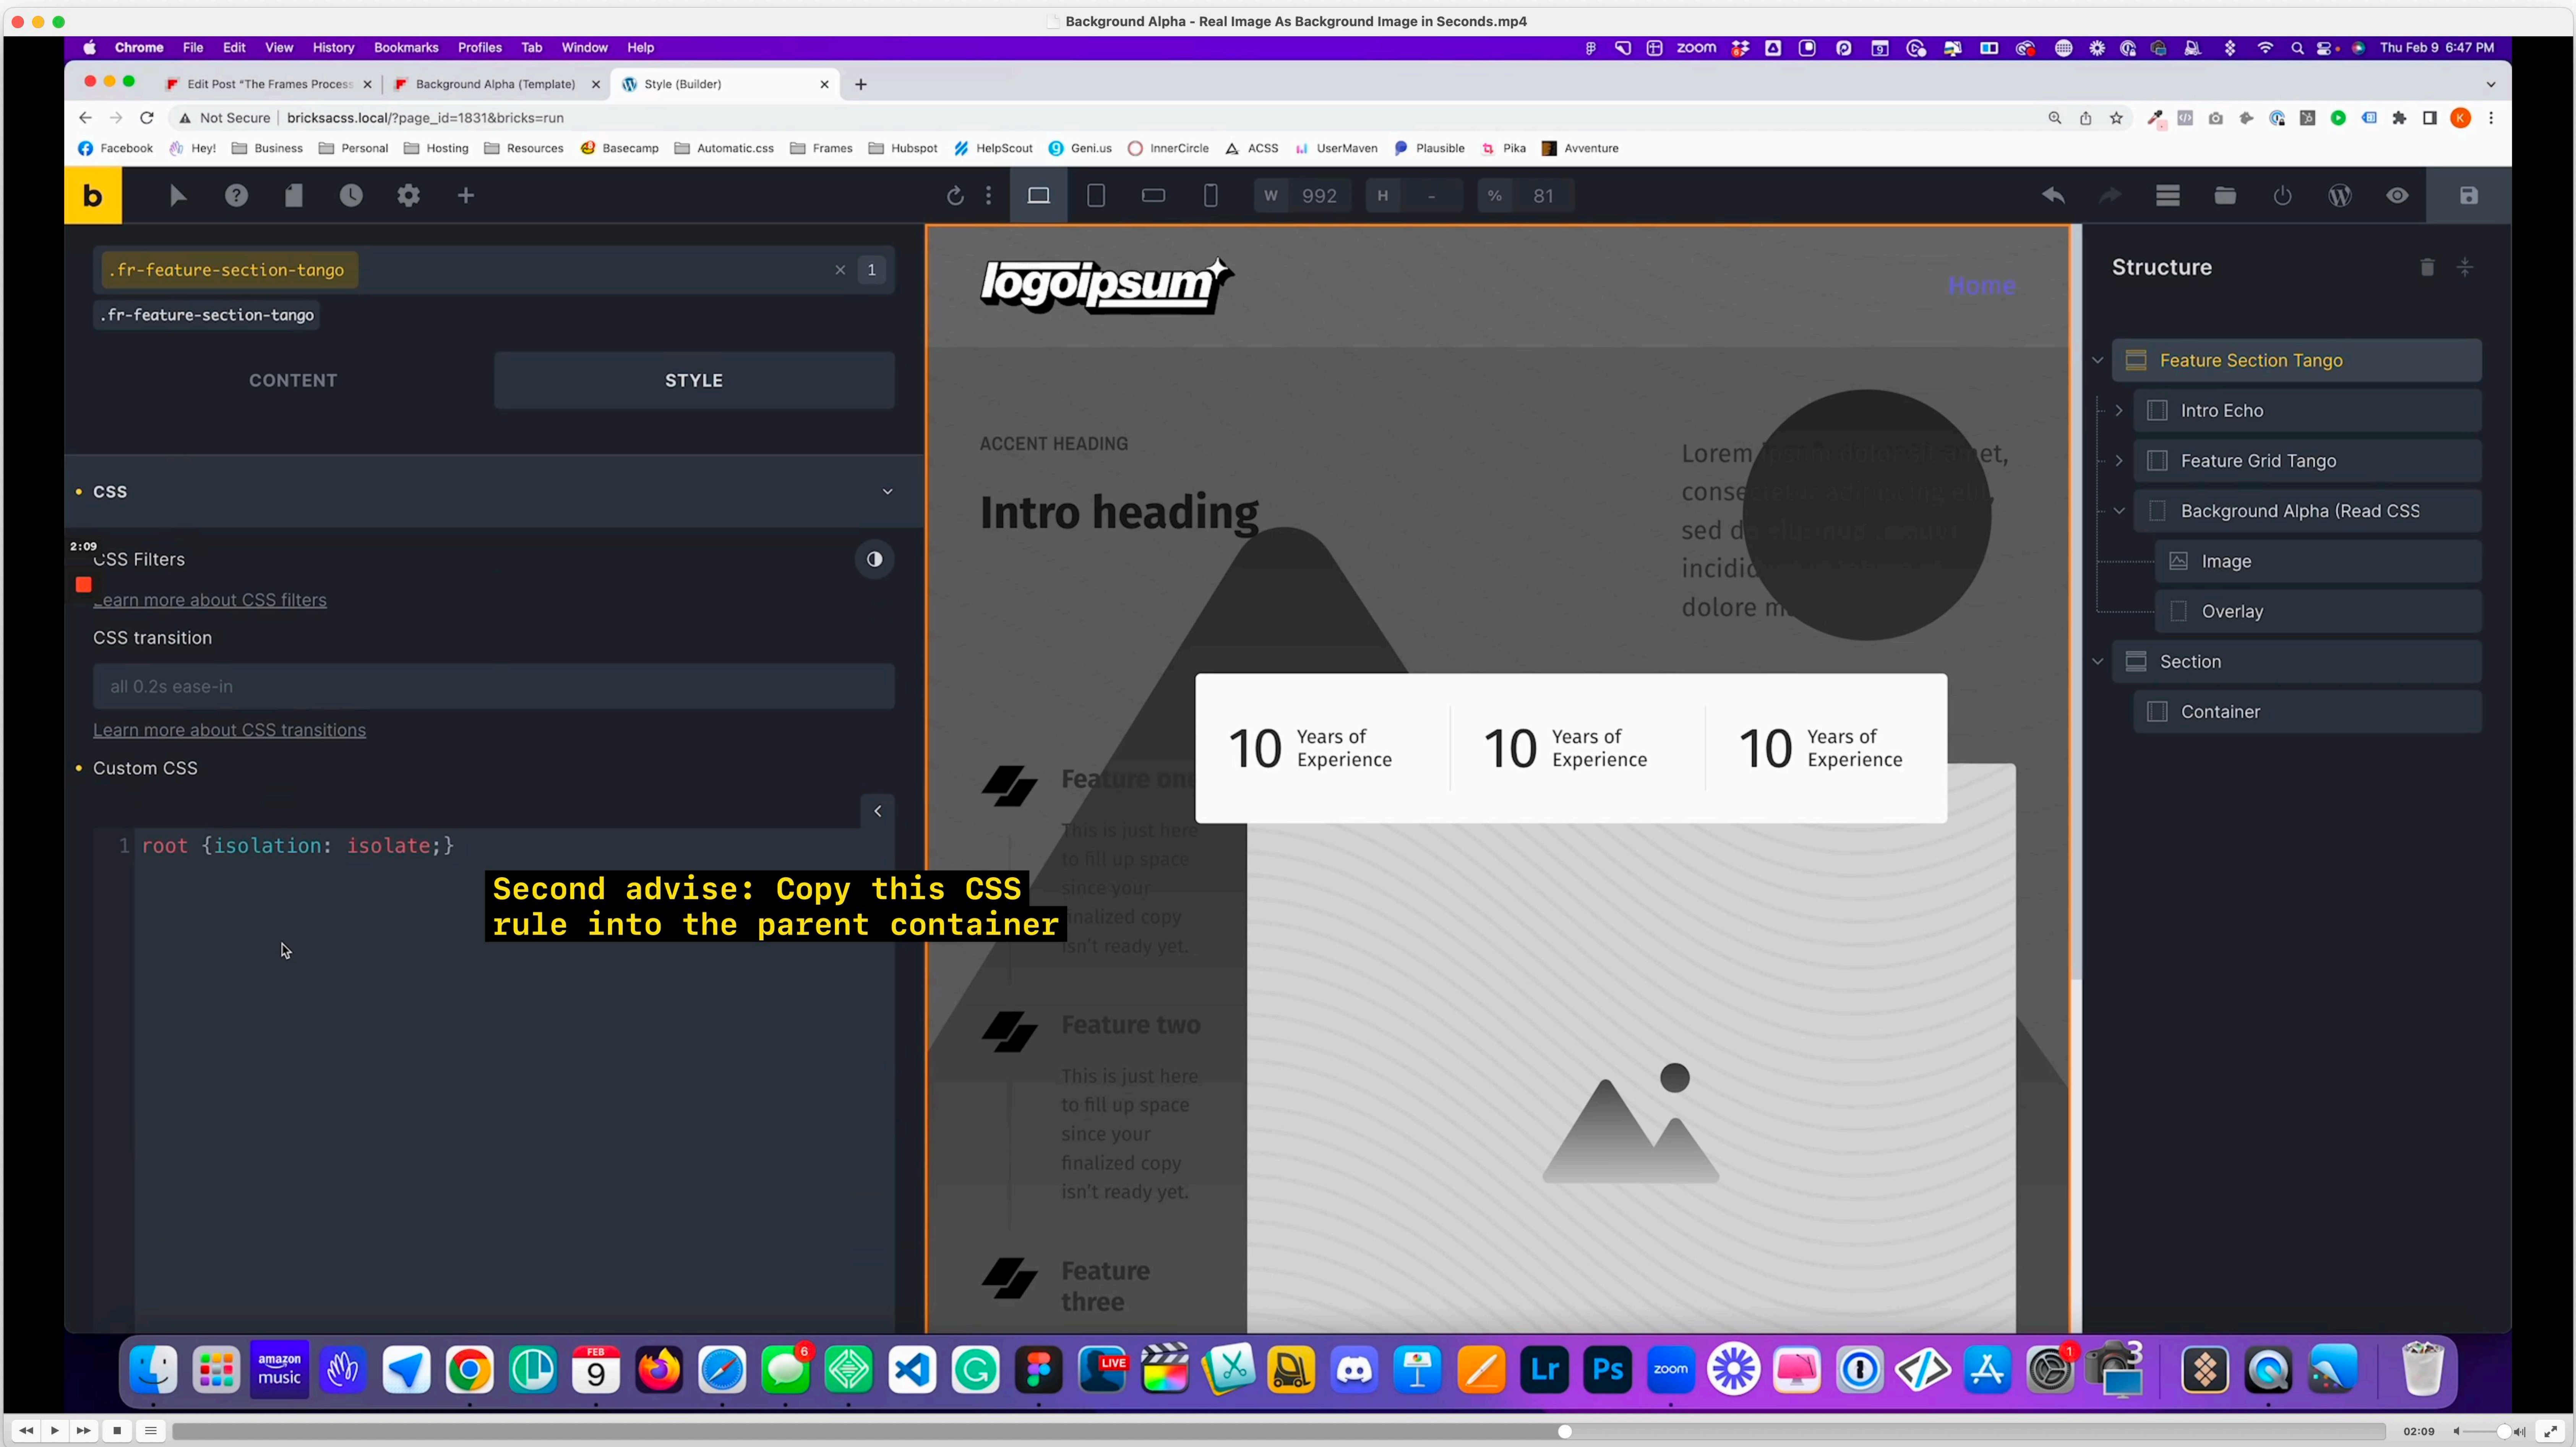

See the Read CSS here

```
1 /*  
2  
3 To use this frame correctly, ensure the parent container is  
4 set to position: relative. It's also advisable to add the  
5 following code to the parent container's CSS tab:  
6  
7 root {isolation: isolate;}  
8 */
```

First advise: Make the parent container Position relative

Second advise: Copy this CSS rule into the parent container
