featured image is shown in low-opacity, which becomes brighter on hover. Additionally, the image will appear to zoom slightly when the card is hovered.

∞ Query Loop Compatible

Variables

This frame uses the following **locally scoped variables** to make it easier for you to edit the style or behavior of this frame. Variables can be viewed or edited from the CSS tab.

--media-opacity

Edit the initial opacity of the featured image.

--media-opacity-shift

Edit the amount of opacity change on hover.

--media-opacity-operator

Increase or decrease the opacity on hover.

--media-transition

Edit the transition instructions on hover.

--media-hover-scale

Edit the scale/zoom amount on hover.

--divider-thickness

Edit the thickness of the footer divider.

--divider-color

Edit the color of the footer divider.

--divider-gap

Edit the gap of the footer divider.
