Text Color

Font Size

12 rem

A horizontal slider control with a blue circular knob. The knob is positioned at the left end of the slider, corresponding to the value '12 rem' displayed in the input field to its left. The slider track is a thin horizontal line.

Font Weight

☐ Use custom tag

':before' and ':after'

79

Section

The screenshot displays the Oxygen Visual Editor interface. The top navigation bar shows the current page is 'Pricing - DocReady'. The left sidebar contains a 'Text (#3)' section with various editing options like 'Background', 'Size & Spacing', 'Layout', 'Typography', 'Borders', 'Effects', 'Custom CSS', 'JavaScript', and 'Attributes'. A blue arrow points from the 'Text' tab in the sidebar to the '\$' symbol in the text element '\$79' on the main workspace. The main workspace is a light blue area where the text element is being edited. A circular video feed of a man is visible in the bottom right corner.

The screenshot displays the Oxygen Visual Editor interface. The left sidebar shows the 'Text (#27)' element selected, with the 'Advanced' tab active. The 'Class' field is set to 'price-card_feature'. A blue arrow points from this class name to the 'Same-Day Appointments' text in the 'Single Appointment' card on the main canvas.

The main canvas shows a pricing page design with the heading 'Choose a Price'. There are two cards:

- Single Appointment**
Book a single text, phone, or video appointment.
\$29 /per month
Same-Day Appointments
- Subscription**
Book a single text, phone, or video appointment.
\$290 /per year

A blue callout box at the bottom of the canvas contains the text: 'Basic text element with custom class 'price-card_feature''.

The bottom of the screen shows a video player interface with a circular inset of a man speaking, a progress bar, and a timestamp of 26:52.
